

RONDO[®] HL – BLACK

For cooling units, which can be installed under granite surfaces, the merchandise displays and the air baffles can be coated in black as an alternative.

The goods are highlighted by the black surface to increase sales and profits.

Please ask about the price.

Other colours available on request.

Tiered Installation

RONDO[®] HL – Praline

Suitable for chocolates and chocolate products

Almost any geometric shape is possible!
Also, round shapes are possible.

Example with mirror-like tiered displays.

Art.-No.
2712

Description

Climate chiller unit with circulating air for chocolates and chocolate products.

To operate it, a glass top (provided by the customer) is necessary that should only be open on the air blow-off side.

Temperatures: 16°C to 18°C at 25°C/60% RH.

Humidity merchandise: approx. 60% to 65% relative humidity.

Commercial product for the installation in stationary food and service counter.

Design like model "RONDO FL – Praline" (see chap. 1, page 29).

The evaporators are also equipped with a circulating air heating.

The TMP 620 PR controller is necessary for controlling.

Special Accessories

Drain trap for connecting to the customer's drain
TMP 620 PR controller for external cooling unit

Art.-No.
